AUTHOR INDEX—VOLUME 87, 1999

Principle author entries are in **boldface,** with co-author cross-references in plain typeface. Titles of books, journals, and software are in *italic.*

Anderson, P. E
Lesions of the oral mucosa/Lésions de la muqueuse buccale [review], 371–2
Anderson, Rachael K.
Presidential address, 112–6
Ash, Joan S., et al.
Factors affecting the diffusion of online end user literature searching, 58–66
Ash, Joan S.; Hersh, William R.; Krages, Kathryn Pyle; Morgan, James E.; Schumacher, Ron
The Oregon IAIMS: then and now, 347–9
Baker, Lynda M.
Research misconduct: issues, implications, and strategies edited by Ellen Altman and Peter Hernon [review], 100–1
Baker, Lynda M.; Pettigrew, Karen E.
Theories for practitioners: two frameworks for studying consumer health information-seeking behavior, 444–50
Bandy, Margaret
Exempla Saint Joseph Hospital Library, Denver, Colorado. Health sciences library building projects, 1998 survey, 418–9
Barry, Marilyn *see* **Felber, Sue, et al.**
Bartold, Stephen P.; Hannigan, Gale G.
Harrison's 14 CD-ROM [review], 107–8
Harrison's Online [review], 107–8
Bergen, Phillip L.; Nemec, Dolores
An assessment of collections at the University of Wisconsin–Madison Health Sciences Libraries: drug resistance, 37–42
Blansit, B. Douglas; Connor, Elizabeth
Making sense of the electronic resource marketplace: trends in health-related electronic resources, 243–50
Blecic, Deborah D.
Measurements of journal use: an analysis of the correlations between three methods, 20–5
Blecic, Deborah D.; Hollander, Sue; Lanier, Don
Collection development and outsourcing in academic health sciences libraries: a survey of current practices, 178–86
Blumberg, Phyllis; Sparks, JoAnne
Tracing the evolution of critical evaluation skills in students' use of the Internet, 200–5
Bowden, Virginia M.
Health sciences library building projects, 1998 survey, 415–36
Braude, Robert M.
Louise Darling and the Medical Library Association [obituary], 504–5
Virtual or actual: the term library is enough, 85–7
Brown, Janis E
Essentials of Immunology by Andy C. Reese and William K. Dolen [review], 233–4
Budd, John M.; Sievert, MaryEllen; Schultz, Tom R.; Scoville, Caryn
Effects of article retraction on citation and practice in medicine, 437–43
Bunting, Alison; Werner, Gloria
Louise M. Darling, 1911–1999: biomedical librarian (1947–78) [obituary], 503–4
Burnham, Judy E
Promoting interaction between organizations of medical librarians and health care professionals, 77–80
Burrows, Suzetta C.; Tylman, Vislava
Evaluating medical student searches of MEDLINE for evidence-based information: process and application of results, 471–6
Byrd, Gary D.
Medical faculty use of the journal literature, publishing productivity and the size of health sciences library journal collections, 312–21
Cain, Nora J.; Fuller, Howard J.
The hospital library online—a point of service for consumers and hospital staff: a case study, 261–3
Carr, Alan E; Stibravy, Robert
Designing a Web bookmarks page for reference desk use, 80–2
Cogdill, Keith W. *see* **Lipscomb, Carolyn E., et al.**
Collins, Brenda
New England College of Optometry Library, Boston, Massachusetts. Health sciences library building projects, 1998 survey, 425, 426
Connor, Elizabeth *see* **Blansit, B. Douglas**
Crawford, Susan
Time to heal: American medical education from the turn of the century to the era of managed care by Kenneth M. Ludmerer [review], 493–4
Cummings, Martin M.
NLM/MLA [Editorial]. Excerpt from Bull Med Libr Assoc 1972 Jan;60(1):144–6. [100 Years of MLA], 489
Darmoni, Stefan J. *see* **Thirion, Benoit**
DeBakey, Michael E.
The future of the Army Medical Library. Excerpt from Bull Med Libr Assoc 1951 Apr; 39(2):122–7 [100 Years of MLA], 489
Dempsey, Robert; Weinstein, Lois
UCMP and the Internet help hospital libraries share resources, 270–4
Detlefsen, Ellen Gay *see* **Foust, Jill E., et al.**
Doe, Janet
The survey and after. Excerpt from Bull Med Libr Assoc 1961 Jul;49(3):361–8. [100 Years of MLA], 489
Dorsch, Josephine L. *see* **Scherrer, Carol S.**
Doyle, Jacqueline
IAIMS and JCAHO: implications for hospital librarians, 383–6
Inaugural address, 136–9
Durhman, Marjorie
[cover illustration], January v, April iv, July v, October v
Earl, Martha E; Neutens, James A.
Evidence-based medicine training for residents and students at a teaching hospital: the library's role in turning evidence into action, 211–4
Eldredge, Jonathan D.
Collection development and assessment in health sciences libraries by Daniel T. Richards and Dottie Eakin [review], 99–100
Epelbaum, Marcia *see* **Giuse, Nunzia Bettinsoli, et al.**
Epstein, Barbara A.
University of Pittsburgh, Falk Library of the Health Sciences, Pittsburgh, Pennsylvania. Health sciences library building projects, 1998 survey, 432, 435
Erwin, D. J.
Southern California College of Optometry, M. B. Ketchum Library, Fullerton, California. Health sciences library building projects, 1998 survey, 428–9
Etter, Zana
Going digital: strategies for access, preservation and conversion of collections to a digital format edited by Donald L. DeWitt [review], 491
Felber, Sue; Hill, Thomas W.; Barry, Marilyn
The SEND (SouthEastern Network on DOCLINE) Project: a reciprocal document delivery network, 214–16
Feld, Lena E
JFK Medical Center Library, Edison, New Jersey. Health sciences library building projects, 1998 survey, 421–2, 423
Ferki, Nadine Ellero
Visualizing subject access for 21st century information resources edited by Pauline Atherton Cochrane and Eric H. Johnson [review], 491–2
Fisher, Charles Perry
The photostat and the library. Excerpt from Bull Med Libr Assoc 1917 Oct;7(2):22–5. [100 years of MLA], 97
Foust, Jill E.; Tannery, Nancy Hrinya; Detlefsen, Ellen Gay
Implementation of a Web-based tutorial, 477–9
Fradin, Sharyn C.
Finch University of Health Sciences/Chicago Medical School, Learning Resource Center, Chicago, Illinois. Health sciences library building projects, 1998 survey, 419–21
Friedman, Charles P. *see* **Lipscomb, Carolyn E., et al.**
Fry, Alderson
Planning a better medical school library: panel discussion. Excerpt from Bull Med Libr Assoc 1961 Apr;49(2):187–206. [100 years of MLA], 355
Fuller, Howard J. *see* **Cain, Nora J.**
Fuller, Sherrilynne S.; Ketchell, Debra S.; Tarczy-Hornoch, Peter; Masuda, David
Integrating knowledge resources at the point of care: opportunities for librarians, 393–403

SUBJECT INDEX—VOLUME 87, 1999

Subject headings are in **boldface,** with cross-references in plain typeface. Titles of books, journals, and software are in *italic.* The first author's last name is in parentheses. Consult Author Index for full citation with names of co-authors.

Abstracts
Revision of *BMLA* information for authors (Homan), 93–4
Academic Medical Librarian of the Year *see* **Brodman (Estelle) Award**
Accreditation, hospital
Brandon/Hill selected list of books and journals for the small medical library (Hill), 145–69
The hospital library online—a point of service for consumers and hospital staff: a case study (Cain), 261–3
IAIMS and JCAHO: implications for hospital librarians (Doyle), 383–6
Acquisitions and collection development
An assessment of collections at the University of Wisconsin–Madison Health Sciences Libraries: drug resistance (Bergen), 37–42
Balancing divergent expectations (Klein), 88–91
Brandon/Hill selected list of books and journals for the small medical library (Hill), 145–69
Collection development and outsourcing in academic health sciences libraries: a survey of current practices (Blecic, et al.), 178–86
The comparative importance of books: clinical psychology in the health sciences library (Wehmeyer), 187–91
The digital library: an oxymoron? (Guédon), 9–19
From the past: historical resources and the virtual library (McClure), 87–8
Making sense of the electronic resource marketplace: trends in health-related electronic resources (Blansit), 243–50
Measurements of journal use: an analysis of the correlations between three methods (Blecic), 20–5
Use of fuzzy set theory to extend Dhawan's journal selection model: ranking the biomedical informatics serials (Sittig), 43–9
Alabama Health Libraries Association
Promoting interaction between organizations of medical librarians and health care professionals (Burnham), 77–80
Allied health sciences
Mapping the literature of allied health: phase II; introduction (Schloman), 276
Mapping the literature of allied health: phase II (Schloman, ed.) [symposium], 275–311
American Medical Association
Pecksniffs at the AMA? (Homan) [editorial], 351–2
Architecture and buildings
Balancing divergent expectations (Klein), 88–91
The Health Sciences and Human Services Library: "this is one sweet library" (Weise), 170–7
Health sciences library building projects, 1998 survey (Bowden), 415–36
The Oregon IAIMS: then and now (Ash, et al.), 347–9
2001, a space odyssey: a library for the millennium (Knowles) [commentary], 219–21
University of Maryland (Baltimore), Health Sciences and Human Services Library [cover illustration], April iv

Bunting, Alison
Fellow, MLA, 123

Catalogs, library
UCMP and the Internet help hospital libraries share resources (Dempsey), 270–4

CD-ROM
CD-ROM use by rural physicians (Short), 206–10

Centennial awards
Brodman, Estelle, recipient [longest continuous MLA membership], 121
Koop, C. Everett, recipient, 124

Change
Factors affecting the diffusion of online end user literature searching (Ash), 58–66

Chicago Medical School *see* **Finch University of Health Sciences**

Circulation
Effect of fines on length of checkout and overdues in a medical library (Shontz), 82–4
Measurements of journal use: an analysis of the correlations between three methods (Blecic), 20–5

Citation analysis
An assessment of collections at the University of Wisconsin–Madison Health Sciences Libraries: drug resistance (Bergen), 37–42
The comparative importance of books: clinical psychology in the health sciences library (Wehmeyer), 187–91
Effects of article retraction on citation and practice in medicine (Budd, et al.), 437–43
The evolving role of the librarian in evidence-based medicine (Scherrer), 322–8
Mapping the literature of allied health: phase II; introduction (Schloman), 276
Mapping the literature of allied health: phase II (Schloman, ed.) [symposium], 275–311
Mapping the literature of dental assisting (Hook), 277–82
Mapping the literature of dental hygiene (Haaland), 283–6
Mapping the literature of diagnostic medical sonography (Walcott), 287–91
Mapping the literature of dietetics (Smith), 292–7
Mapping the literature of occupational therapy (Reed), 298–304
Mapping the literature of perfusion (Hall), 305–11
Measurements of journal use: an analysis of the correlations between three methods (Blecic), 20–5
Medical faculty use of the journal literature, publishing productivity and the size of health sciences library journal collections (Byrd), 312–21
Use of fuzzy set theory to extend Dhawan's journal selection model: ranking the biomedical informatics serials (Sittig), 43–9

Clinical informatics *see* **Medical informatics**

Clinical medical librarians
The evolving role of the librarian in evidence-based medicine (Scherrer), 322–8

Collection development *see* **Acquisitions and collection development**

Competencies *see* **Professional competence**

Computer communication networks
Delivering health information statewide via the Internet in a collaborative environment: impact on individual member institutions (McCray), 264–9
The hospital library online—a point of service for consumers and hospital staff: a case study (Cain), 261–3
Interlibrary cooperation: from ILL to IAIMS and beyond (Riordan), 251–5
Rebuilding a clinical workstation with spider's silk of the Web (McGrath), 387–92
The SEND (SouthEastern Network on DOCLINE) Project: a reciprocal document delivery network (Felber, et al.), 214–16
UCMP and the Internet help hospital libraries share resources (Dempsey), 270–4

Computer literacy
Assessing and enhancing medical students' computer skills: a two-year experience (Hollander), 67–73
Public health professionals in the Midwest: a profile of connectivity and information technology skills (Hollander), 329–36

Computer software
CD-ROM use by rural physicians (Short), 206–10

Computers in libraries
2001, a space odyssey: a library for the millennium (Knowles) [commentary], 219–21

Consumer health information
Comparing Web search engine performance in searching consumer health information: evaluation and recommendations (Wu), 456–61
Medical libraries, bioinformatics, and networked information: a coming convergence? (Lynch), 408–14
Theories for practitioners: two frameworks for studying consumer health information-seeking behavior (Baker), 444–50

Continuing education award
Vargo, Katherine J., recipient, 121

Coping
Theories for practitioners: two frameworks for studying consumer health information-seeking behavior (Baker), 444–50

Copyright
The digital library: an oxymoron? (Guédon), 9–19
Virtual or actual: the term library is enough (Braude), 85–7

Core lists *see* **Bibliographies**

Costs and cost analysis
Brandon/Hill selected list of books and journals for the small medical library (Hill), 145–69
Collection development and outsourcing in academic health sciences libraries: a survey of current practices (Blecic, et al.), 178–86
Medical faculty use of the journal literature, publishing productivity and the size of health sciences library journal collections (Byrd), 312–21

Cunningham, Eileen R.
Eileen R. Cunningham (Khan) [letter], 95

Cunningham Memorial International Fellowship
Verhoeven, Anita, recipient, 121

Curriculum
Feasibility and marketing studies of health sciences librarianship education programs (Lipscomb, et al.), 50–7

Darling, Louise M.
Obituaries
Biomedical librarian (1947–78) (Bunting), 503–4
Louise Darling: mentor and friend (Hitt), 505–6
Louise Darling and the Medical Library Association (Braude), 504–5
Service to the region and the nation (Mirsky), 504

Database searching
Comparing Web search engine performance in searching consumer health information: evaluation and recommendations (Wu), 456–61
Evaluating medical student searches of MEDLINE for evidence-based information: process and application of results (Burrows), 471–6
Factors affecting the diffusion of online end user literature searching (Ash), 58–66
Language barriers and bibliographic retrieval effectiveness: use of MEDLINE by French-speaking end users (Mouillet), 451–5
Librarians, clinicians, evidence-based medicine, and the division of labor (Holtum), 404–7
Simplified access to MeSH tree structures on CISMeF (Thirion), 480–1
Databases
Integrating knowledge resources at the point of care: opportunities for librarians (Fuller, et al.), 393–403
Medical libraries, bioinformatics, and networked information: a coming convergence? (Lynch), 408–14
Decision making, clinical
Evaluating medical student searches of MEDLINE for evidence-based information: process and application of results (Burrows), 471–6
Problem Knowledge Couplers: reengineering evidence-based medicine through interdisciplinary development, decision support, and research (McGowan), 462–70
Dental assistants
Mapping the literature of dental assisting (Hook), 277–82
Dental hygiene
Mapping the literature of dental hygiene (Haaland), 283–6
Dietetics
Mapping the literature of dietetics (Smith), 292–7
Digital libraries
Balancing divergent expectations (Klein), 88–91
Commentary: responses to the 1998 NLM/MLA Leiter Lecture: introduction (Messerle), 85
The digital library: an oxymoron? (Guédon), 9–19
From the past: historical resources and the virtual library (McClure), 87–8
Strategies and measures for our next century (Peay), 1–8
2001, a space odyssey: a library for the millennium (Knowles) [commentary], 219–21
Virtual or actual: the term library is enough (Braude), 85–7
Distance education
Strategies and measures for our next century (Peay), 1–8
Document delivery
Interlibrary cooperation: from ILL to IAIMS and beyond (Riordan), 251–5
The SEND (SouthEastern Network on DOCLINE) Project: a reciprocal document delivery network (Felber, et al.), 214–16
UCMP and the Internet help hospital libraries share resources (Dempsey), 270–4
Doe (Janet) Lecture
Peay, Wayne, award recipient, 123
Strategies and measures for our next century (Peay), 1–8
Drugs
An assessment of collections at the University of Wisconsin–Madison Health Sciences Libraries: drug resistance (Bergen), 37–42
EBSCO/MLA Annual Meeting Grant
Barlow, Jennifer G., recipient, 121
Batson, Andrea, recipient, 121
Editorials
E-biomed (Homan), 485–6
The evolving digital ecology (Homan), 223
Pecksniffs at the AMA? (Homan), 351–2
Revision of *BMLA* information for authors (Homan), 93–4
Education, continuing
Developing a culture of lifelong learning in a library environment (Giuse, et al.), 26–36
The evolving role of the librarian in evidence-based medicine (Scherrer), 322–8
Education, library and information science
Feasibility and marketing studies of health sciences librarianship education programs (Lipscomb, et al.), 50–7
Library residencies and internships as indicators of success: evidence from three programs (Lanier), 192–9
Education, medical
Assessing and enhancing medical students' computer skills: a two-year experience (Hollander), 67–73
Evidence-based medicine training for residents and students at a teaching hospital: the library's role in turning evidence into action (Earl), 211–14
Education, post-secondary
Strategies and measures for our next century (Peay), 1–8
Education, public health
Tracing the evolution of critical evaluation skills in students' use of the Internet (Blumberg), 200–5
Electronic mail *see* **Internet**
